Enthusiastic and dedicated Full Stack Web Developer with over 1.3 years of experience in designing and developing dynamic, responsive web applications. Passionate about frontend development and skilled in React.js, JavaScript, and UI/UX best practices. Seeking to contribute to innovative web projects and grow with a forward-thinking organization.

Experience

Frontend Developer

[Current Employer] / 02/2025 - Present

- Developing and maintaining responsive web interfaces using React.js and Tailwind CSS.
- Collaborating with UI/UX designers to implement engaging user experiences.
- Writing reusable and maintainable code with a focus on performance.

Full Stack Web Developer

[Previous Employer] / 10/2023 - 12/2024

- Built and maintained full-stack web applications using React.js (frontend) and Node.js (backend).
- Worked on processing invoice PDFs using Google Cloud Vision AI and displaying structured data on the frontend.
- Developed reusable components, REST APIs, and integrated frontend with backend services.
- Ensured cross-browser compatibility and responsive design.
